ABSTRACT

Presented are statistical tables, summaries, and analyses of services which are provided to the handicapped and others for April through June 1976 under the Social Security Act, Titles XX, IV-B, and IV-A/WIN in all 50 states and the District of Columbia. Included are state reports summarizing the number of recipients for each type of service (such as adoption, foster care, day care, homemaker, counseling, and protection against abuse and neglect of children and adults) and the costs and goals of services. Highlights of the report are noted for service recipients such as the three largest categories of recipients (Aid to Families with Dependent Children, income eligibles, and Supplemental Security Income). General comments and technical notes precede the tables and analyses which comprise most of the document. Tables have the following titles: "Count of Primary Recipients by State", "Primary Recipients by Category", "Summary of Supplemental Security Income", "Services Provided by State", "Services Provided by Category", "State Services", "Summary of Method of Service Provision", "Summary of Method of Service Provision - Number of States", "Summary of Day Care by State", and "Summary of Day Care by Category". Appended are a glossary of terms; summaries of social service, child welfare, and work incentive programs; and data collection forms. (DB/MH)

FOREWORD

Social Services U.S.A. -- covering the period April through June 1976 -- is the third in a new series of social services reports published by HEW.

Adoption services, foster care services, day care, homemaker services, counselling, and protection against abuse and neglect of children and adults are among the services embraced in these reports. Most State expenditures for social services can be Federally funded on a 75-25 matching basis, up to the State's share of a national total of \$2.5 billion per year.

The last eight years have seen a rapid increase in our social services programs. They have also seen legislation which ushered in a new approach to the provision of services to those who need them.

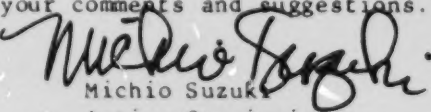

Title XX of the Social Security Act -- Social Services Programs for Individuals and Families -- requires States to engage in a public planning process so that citizens can help to decide the social services that should be available. From this process, the State produces an annual services plan as the basis upon which State and Federal funds will be spent.

Along with the planning process, the States are required to report each quarter on the delivery of services. This is the third publication summarizing the States' reports. The series will report how many people received what kinds of services, at what cost, and toward what goal.

These reports have been phased in over an eighteen-month period in order to give the States time to establish or refine their reporting capabilities. The third-quarter report picks up for the first time program cost data and method of service provision, whether purchased from vendors or provided directly by the social service agency. This is a tremendous step toward providing a service-specific data base to support better planning and program management of these services received by the millions of individuals and families who need them.

In addition to services provided under Title XX, Social Services U.S.A. reports quarterly and annual data covering two other programs authorized under the Social Security Act: Child Welfare Services (CWS) under Title IV-B, and the Work Incentive (WIN) program under Title IV-A/WIN. Summaries of these programs appear in Appendix B.

The Administration for Public Services is pleased to present the third in this series and welcomes your comments and suggestions.

[illegible]

I. SOCIAL SERVICES U. S. A. -- HIGHLIGHTS

Nine months of data on the Title XX social services program are now published with this report. In addition to an analysis of the data for the period April through June 1976, a summary for the period October 1975 through June 1976 is also included in this section.

HIGHLIGHTS -- APRIL - JUNE 1976

Salient facts and figures emerge from analysis of the States' statistical reports for the period April through June 1976. The following are highlights from those reports.

SERVICE RECIPIENTS

- An estimated 3.5 million children and adults were primary recipients of social services in this quarter, representing an increase of 7 percent over the comparable figure of 3.2 million reported for the previous quarter. Of this 3.5 million total, 2.3 million primary recipients were adults, and 1.1 million were children.

NOTE: A primary recipient is an individual with whom, or for whom, a specific goal is established and to whom services are provided for the purpose of achieving that goal. Services are considered to be provided to the primary recipient when they are provided to other members of the primary recipient's family to facilitate achievement of the goal of the primary recipient.

For reporting purposes, recipients of services under Title IV-B (CWS) and IV-A/WIN are counted as primary recipients.

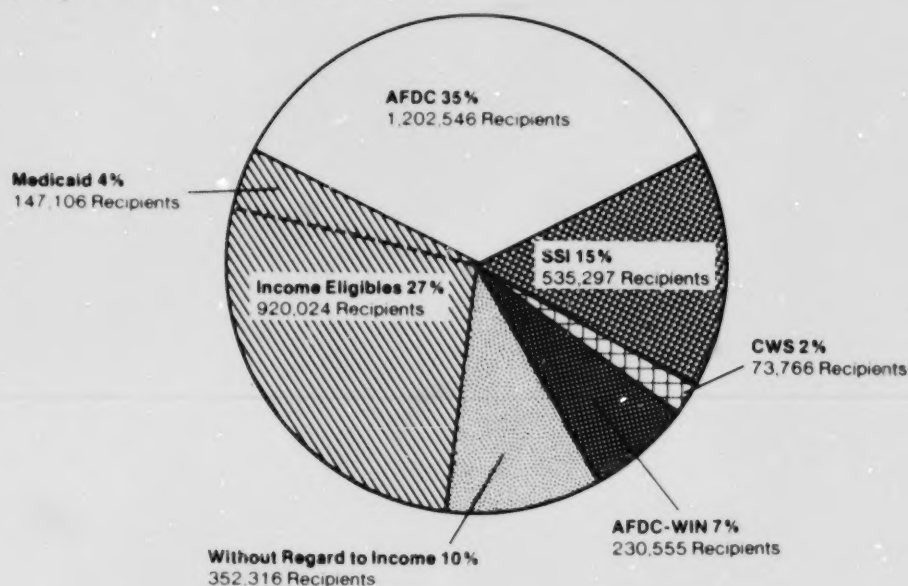

All terms are defined in appendix A.

- Services were initiated for 1,177,000* primary recipients during the quarter; services were discontinued for 764,000.
- California reported the largest number of primary recipients -- 401,000.
- Approximately 15 percent of persons receiving Aid to Families with Dependent Children (AFDC) assistance during the quarter were also primary recipients of social services.

*All numbers in the narrative are rounded; calculations, however, are based on unrounded numbers.

- The three largest categories of primary recipients were:
 - AFDC.
 - Income Eligibles.
 - Supplemental Security Income (SSI).
- An estimated 13 percent of persons receiving SSI assistance during the quarter were also primary recipients of social services.
- The number of primary recipients in the AFDC-related category remained 1.2 million during this quarter. The AFDC category of recipients accounts for 35 percent of the service population for this quarter, compared with 38 percent for the previous period.
- Slightly over one million persons in the Income Eligible (including Medicaid) category were primary recipients of social services -- 163,000 more than during the previous quarter. Title XX enables this group of recipients to receive public social services.
- An estimated 352,000 primary recipients in the Without Regard To Income (WRI) category received social services this quarter -- 9,400 fewer recipients (3 percent) than the second quarter.
- The number of primary recipients in the SSI category reached 535,000 this quarter -- 36,000 persons (7 percent) more than in the second quarter. The SSI category of recipients accounts for 15 percent of the service population for this quarter.

- Number of Title XX Primary Recipients of Social Services and Recipients of IV-B (CWS) and IV-A/WIN Services, by Category of Recipient with Percent of Total:

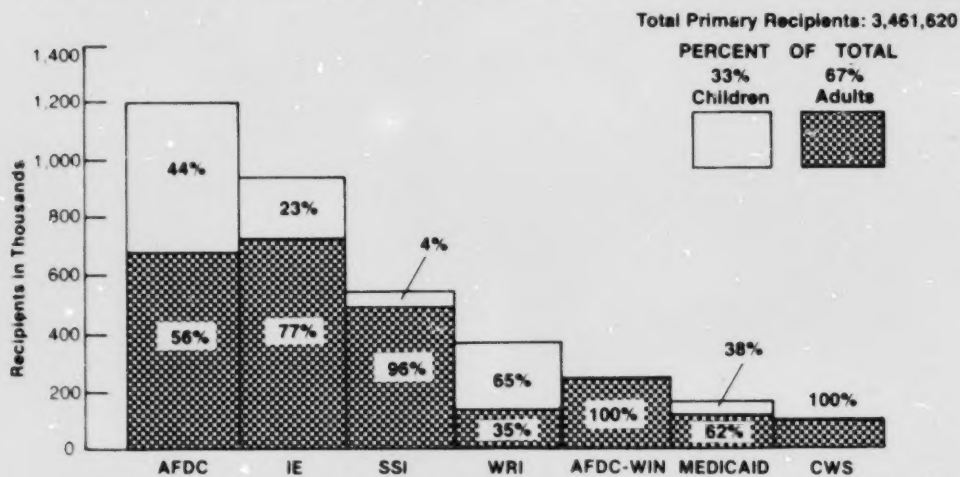

Total Primary Recipients: 3,461,620

Legend:

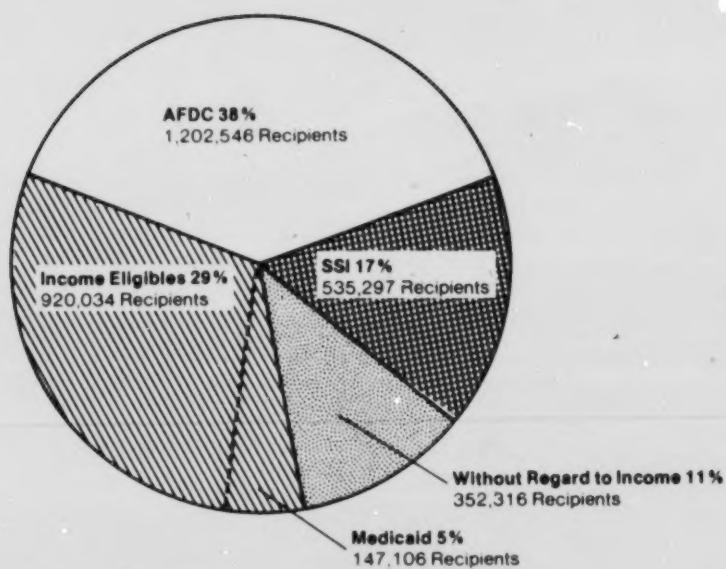

AFDC = Aid to Families with Dependent Children
 CWS = Child Welfare Services
 SSI = Supplemental Security Income
 AFDC-WIN = AFDC Work Incentive Program

- Adult and Child Primary Recipients of Social Services, by Category:

- The categories with the largest proportion of children were CWS (100 percent), WRI (65 percent), and AFDC (44 percent).

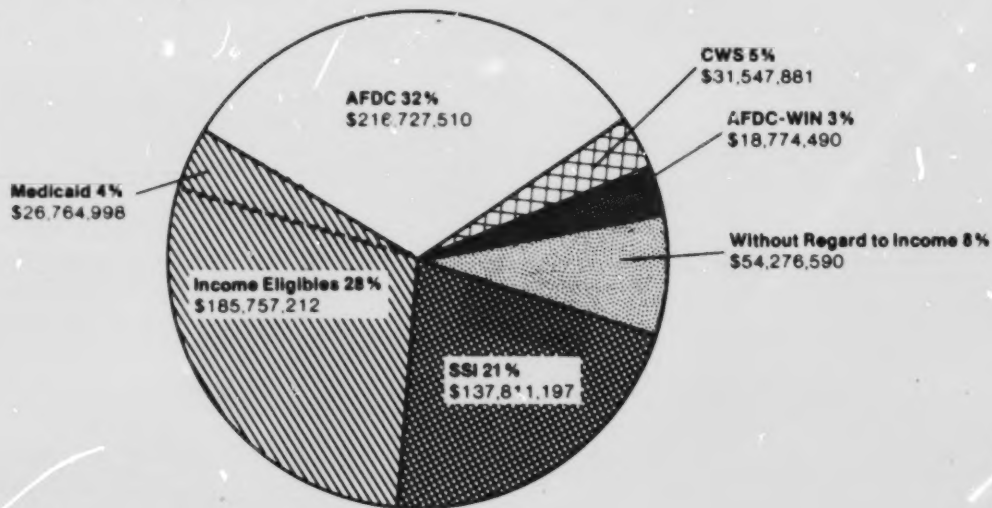

- Number of Primary Recipients of Social Services Under Title XX Only,
by Category of Recipient with Percent of Total:

Total Primary Recipients: 3,157,299

COST OF SOCIAL SERVICES

- Cost of Social Services Under Titles IV-B (CWS), IV-A/WIN and XX of the Social Security Act, by Category of Recipient with Percent of Total:

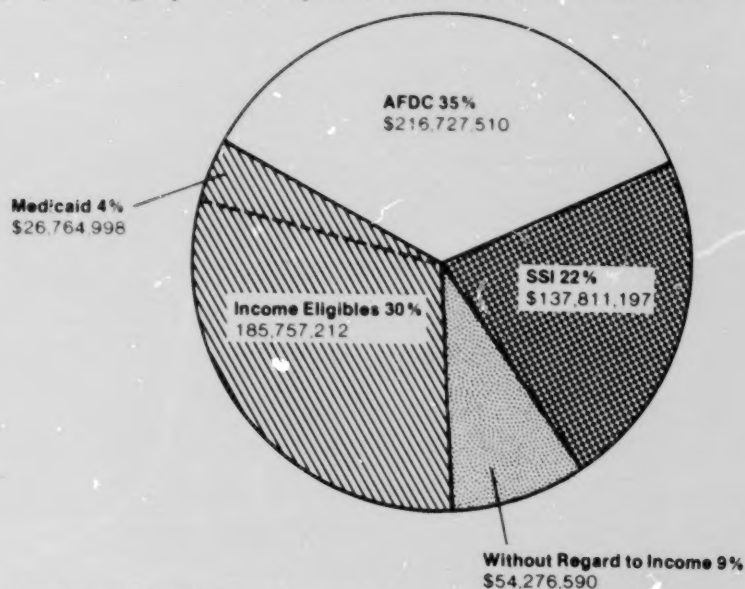

NOTE: Percentages exceed 100 because of rounding.

Total Cost \$671,659,878

- The total expenditures during the quarter for social services provided under the three programs were approximately \$672,000,000.

- Cost of Social Services Under Title XX of the Social Security Act, by Category of Recipient with Percent of Total:

Total Cost \$621,337,507

- Total Title XX social services expenditures during the quarter were approximately \$621,000,000.

PROVISION OF SELECTED SERVICES TO PRIMARY RECIPIENTS

- During the quarter, the three social services for which the largest sums were spent under Titles XX, IV-A/WIN and IV-B (CWS) were:

Services	Amount Expended for Services	Percent of National Total
1. Day Care Services - Children	\$148,872,642	22
2. Foster Care Services <u>1/</u> - Children	\$ 60,945,266	9
3. Protective Services - Children	\$ 50,881,800	8

1/ Foster care services include a variety of activities -- from placement of individuals in foster care to special services for foster parents and foster grandparents.

- The three social services provided to the greatest number of primary recipients were:

Services	Number of Primary Recipients
1. Health-Related Services	727,000
2. Counselling Services	544,000
3. Day Care Services - Children	419,000

- Health-related services - provided at a cost of \$34,989,000; 41 percent of the recipients were adults and 59 percent were children. Of these recipients, 36 percent were in the Medicaid category and 33 percent in the AFDC category.
- Counselling services - provided at a cost of \$45,921,000; 69 percent of the recipients were adults and 31 percent were children. Of these recipients, 40 percent were in the AFDC category and 30 percent in the Income Eligible category.
- Day care services - children - provided at a cost of \$148,873,000; 71 percent of the recipients were adults and 29 percent were children. Of these recipients, 54 percent were in the AFDC category.

NOTE: An adult is the primary recipient of child day care services when the services are provided to help the adult achieve self-support or some other goal.

- Foster care services - adults - provided to 24,000 recipients at a cost of \$2,983,000; 53 percent of the primary recipients were in the SSI category.
- Adoption services - provided to 34,000 recipients at a cost of \$4,705,000; 15 percent of the recipients were adults and 85 percent were children. Of these recipients, 38 percent were in the Income Eligible category and 27 percent in the Child Welfare Services eligibility category.
- Protective services - adults - provided to approximately 133,000 primary recipients at a cost of \$14,817,000. About 42 percent of the recipients were in the Without Regard to Income category and another 27 percent were in the SSI category.

- Protective services - children - provided to 352,000 primary recipients at an estimated cost of \$50,882,000. Of these recipients, 60 percent were in the Without Regard to Income category and 29 percent in the AFDC category.
- Family planning services - provided to 258,000 primary recipients at a cost of \$13,451,000, 87 percent of whom were adults, 64 percent were in the Income Eligible category.

DAY CARE SERVICES PROVIDED TO CHILDREN

- Child day care services under Titles XX and IV were provided to approximately 565,000 children -- almost the same number of children as were reported to have received them during the previous quarter. (This number includes children receiving day care who were not primary recipients; thus the number is greater than the count given in the above table.)
- The total cost of day care services was \$157,838,000.

* * *

HIGHLIGHTS - OCTOBER 1975 - JUNE 1976 - THREE QUARTERS SUMMARY

- During the first three quarters of the first program year, October 1975 - June 1976, an estimated 4,570,000 people were primary recipients of social services under Title XX. Of these recipients, 3,019,000 (66 percent) were adults; the remainder, 1,550,000, were children.
- An additional 332,000 adults received social services under Title IV-A/WIN of the Social Security Act (the Work Incentive Program for recipients of AFDC) and 144,000 children were served under Title IV-B, the Child Welfare Services program.
- Thus, an estimated 5,046,000 recipients (counting only primary recipients for the Title XX program) were provided social services under Titles IV-B, IV-A/WIN, and XX during these three quarters. Of these recipients, 3,346,000 (66 percent) were adults; the remainder, 1,700,000, were children.
- The following table shows the number of recipients, by category and the percent of children and adults for each category. (See Section IV for an explanation of "category".)

Primary Recipients by Category			Percent Child and Adult for Each Category	
Category	Total Number of Recipients	Percent of Total	Percent Adults	Percent Children
AFDC	1,871,089	37	57	43
IE	1,178,599	23	76	24
SSI	720,853	14	95	5
SSI Aged	359,143	7	100	0
SSI Blind	26,280	1	88	12
SSI Disabled	335,430	7	90	10
WRI	607,270	12	42	58
AFDC-WIN	331,701	7	100	0
Medicaid	191,992	4	66	34
CWS	144,206	3	0	100
TOTAL	5,045,710	100	66	34

* * *

II. GENERAL COMMENTS AND TECHNICAL NOTES

The reports presented in this publication are tabulations and analyses of social services data submitted by 50 reporting States and the District of Columbia in response to the Federal reporting requirements* for Title XX, IV-B, and IV-A/WIN. Title IV-B (the Child Welfare Services program) and WIN reporting requirements were revised and integrated with those of Title XX to avoid duplication and to help consolidate State and Federal reporting of social services under the Social Security Act.

The tables in Social Services U.S.A. show the following data:

1. The categories and numbers of individuals receiving services.
2. The services they received.
3. The cost of services.
4. The method of service provision; i.e.:
 - Direct,
 - Purchased public, or
 - Purchased private.

This report contains a sizeable increase in the type of data reported. This quarter was the first time States were required to report cost data by service and category of recipient and by method of service provision. It represents a significant step forward in establishing an information bank about the delivery of social services and their cost.

STATISTICAL TABLES AND TEXT TABLES

The figures in the narrative of the highlight sections are rounded to the nearest thousand. Therefore, the individual components may not add up to the total. Percentages in most cases are rounded to the nearest percent and, therefore, in some cases do not exactly sum to 100 percent.

*Social Services Reporting Requirements (SSRR) - OMB #83R0312.

SOCIAL SERVICES DEFINITIONS

Under Title XX, each State develops its own comprehensive annual services plan defining the services it intends to make available to eligible persons. The services specified in each of the 50 State plans, plus the District of Columbia, totaled 1,313, many of which were not comparable.

In order to achieve a national perspective of social services, an analysis was made of all of the State plans for the purpose of producing a common language, or taxonomy, of social services. This taxonomy, used in compiling the list of services presented in the following tables, was developed for reporting purposes only. It does not change the intent of Section 2002 of Title XX which allows States to determine and define the services which they plan to provide, in the manner they deem most appropriate.

The process of developing this taxonomy from a State's service definitions was complex. Its basis evolved from the activities and subactivities (or components) listed for each service in each State's comprehensive annual services plan. Where the activities were similar in character, the services they represented were grouped under a common standard service descriptor, regardless of the name and title given the service by the State. Services for which no common characteristics could be shown were left as unique.

In the taxonomy, the service category of "Other" was included to cover services provided by only a small number of States, where comparability between States was not possible.

Copies of the taxonomy showing all 1,313 services and how they are folded into the 41 used in the national reports on social services are available through HEW's Project SHARE (P.O. Box 2309, Rockville, Md. 20852).

LIMITATIONS OF DATA

With the initiation of any new reporting requirements, data of questionable validity, as well as gaps in data will occur. Over a period of time these problems will be corrected. However, all data submitted by States were computer processed and the results sent to the States for review.

When reviewing the tables, the following general limitations apply:

1. Due to billing lags and data processing time, expenditures reported for a given period will not necessarily correspond to the recipient counts reported for the same period. Therefore, in some cases average cost data will seem highly irregular, especially for this quarter. Subsequent reporting should even out such disparities.
2. All zeros are not true zeros. In some cases, States do not provide the service; in other cases, the service was provided, but the data were not reported.

METHOD OF SERVICE PROVISION DATA

Because of differences in sources or estimation methods used in collecting the data for Form 3, of the SSRR, the costs presented on Tables 7, 8, D, and E differ slightly from costs shown on Tables 4 and 5 which are based on the Form 2 series.

The "Various" category of service for day care, foster care, and protective services as reported on Form 3 could not be redistributed into "Adult" and "Child" as it was on Form 2. In the future, States will be asked to report all data under either "Adult" or "Child" types of services.

Reporting instructions specifically request that all Information and Referral data be reported on Form 3. A number of States also report this data on the Form 2 series. The counts, therefore, in Tables based on Form 3 (Tables 7, 8, D, and E) will be greater than elsewhere.

* * *

III. ANNOTATIONS TO TABLES

In order to help clarify the impact on the Tables of certain reporting problems and omissions, this section has been added to the report. The numbers correspond to footnotes on the tables.

1. North Carolina submitted substantial revisions too late for inclusion. The data base, however, will be updated and corrected.
2. New Jersey and Rhode Island did not submit cost data in time for this report.
3. Maryland submitted cost data for day care only.
4. Ohio reported Primary Recipients only rather than all recipients for Method of Provision data.
5. Due to reporting difficulties, Michigan's count of children reflects one month of data rather than one quarter while expenditures are for the quarter. Michigan was unable to provide day care data by category of recipient for this report (Tables 10 and F only).
6. Under Day Care, Foster Care, and Protective Services, there were formerly three categories of service: "Adult;" "Child;" and "Various." The data under "Various" have been redistributed into "Adult" and "Child."
7. Average cost data in some cases seem highly irregular because reporting of costs incurred does not necessarily correspond to reporting of recipients served during the quarter. For further explanation, see Limitations of Data in Section II.

* * *

IV. TABLES AND ANALYSES

The following tables and analyses of social services data are based on reports submitted by the 50 States and the District of Columbia in response to Federal reporting requirements as explained in Section II. The programs covered are Title XX, Title IV-B (CWS), and social services provided under the Title IV-A/IV-C WIN program.

The categories of people eligible to receive social services under the Title XX program are specified below. States are free to provide services to people in any of these categories. The only restriction is that at least 50 percent of the Federal funds must be expended on services for persons receiving AFDC, SSI, and/or Medicaid and categorically related individuals and families.

1. AFDC - Recipients of AFDC and persons whose needs were taken into account in determining the needs of such recipients.
2. SSI - Recipients of SSI benefits or State supplementary Payments.
3. Income Eligibles - Persons meeting State income limits which may not exceed 115 percent of the State median income adjusted for family size. The State determines the income limits. Income limits may vary by service. States may choose not to provide services to income eligibles.

Medicaid - Persons receiving Medicaid but not AFDC or SSI may qualify for Title XX services on the basis of their income eligibility but not on the basis of their eligibility for Medicaid. These Medicaid recipients are identified as such in State reports because of the requirement that at least 50 percent of the Federal financial participation in a State's Title XX program be spent on behalf of the AFDC-SSI-Medicaid recipient community.

4. Without Regard to Income - Information and referral services, family planning services, and services directed toward the goal of protection for children and adults may be provided without an income test.

Table 1 - NATIONAL SUMMARY OF COUNT OF PRIMARY RECIPIENTS

This table provides the total of primary recipients served under Title XX, plus recipients served under Titles IV-B, IV-A, and WIN during the quarter on a State-by-State and national basis. (The Title IV-B recipients are counted as children, and the Title WIN recipients are counted as adults.)

The table also shows the number for whom services were initiated and the number for whom they were discontinued during the quarter.

This table is based on State submission of SSRR Form 1 - Count of Primary Social Service Recipients. (See Appendix C.) The total recipients served count is derived from the "Continued from Last Period" and "Initiated this Period" counts reported on Form 1.

Table 1 - Highlights

- Approximately 3.5 million recipients received federally funded social services during the third reporting quarter, representing an increase of 7 percent over the comparable figure of 3.2 million reported for the previous quarter. Of these recipients, 2.3 million (67 percent of the total) were adults; the remainder, 1.1 million were children. Of the total number of recipients served this quarter, 34 percent were initiated during this period.

COUNT OF PRIMARY RECIPIENTS

Quarter	Total	Adults	Children	Percent	
				Adults	Children
April - June 1976	3,462,000	2,336,000	1,126,000	67	33
Jan. - March 1976	3,246,000	2,175,000	1,070,000	67	33
Oct. - Dec. 1975	2,691,000	1,722,000	968,000	64	36

- The number of adult recipients increased by about 7 percent; the number of child recipients, by 5 percent.
- Approximately 22 percent of the recipients discontinued receiving services -- 3 percentage points less than for the second quarter.

- Among the reporting States, the service population ranged from 3,400 in Alaska and the District of Columbia to 401,000 in California.
- The three States with the largest number of adult recipients and the largest number of child recipients were:

States	Number of Adult Recipients	States	Number of Child Recipients
1. California	302,490	1. New York	112,265
2. Texas	191,452	2. New Jersey	111,599
3. Pennsylvania	173,985	3. Texas	100,151

TABLE 2 - NATIONAL SUMMARY OF PRIMARY RECIPIENTS BY CATEGORY
TABLE 3 - NATIONAL SUMMARY OF PRIMARY RECIPIENTS BY CATEGORY - SSI

Because Tables 2 and 3 are similar in format, they are presented together in this report. Table 2 shows services delivered to primary recipients by category. Table 3 breaks out the Supplementary Security Income (SSI) service population into subcategories of the aged, blind, and disabled.

These tables exhibit a count of recipients within categories on a State-by-State and national basis. The national totals on Tables 1, 2, and 3 are consistent.

For this report, all CWS recipients are reported as "Children," and all AFDC WIN recipients are reported as "Adults."

Tables 2 and 3 are based on State submissions of SSRR Form 1 - Count of Primary Social Services Recipients.

Table 2 - AFDC Category - Highlights

- The AFDC category of recipients of social services declined slightly, remaining at 1.2 million primary recipients -- 17,000 fewer (1 percent) than in the previous quarter. Adults comprised 56 percent of the recipients; children, 44 percent.
- Of the total number of AFDC recipients of social services this quarter, 32 percent were initiated this period.
- The number of adult recipients decreased by about 15,000 (2 percent); the number of child recipients, by 1,200 (less than 1 percent).
- The AFDC category of recipients accounts for 35 percent of the primary recipient service population; this compares with 38 percent during the second reporting quarter.
- The three States with the largest number of primary recipients in the AFDC category were:

States	Number of AFDC Social Services Primary Recipients	Percent Adults	Percent Children	Percent of National Total AFDC Social Services Primary Recipients
1. California	135,550	52	48	11
2. New Jersey	100,499	34	66	8
3. Texas	94,218	37	63	8

(CONT.)

Table 2 -- Income Eligible (IE) Category -- Highlights

- The number of IE primary recipients of social services rose to 920,000 -- 160,000 more recipients (21 percent) than during the previous quarter.
- Of the total number of IE recipients receiving services this quarter, 36 percent were initiated this period; 77 percent were adults, 23 percent were children.
- The number of adult recipients increased by 125,000 (22 percent); the number of child recipients by 35,000 (20 percent) during the third reporting quarter.
- The IE category of recipients represents 27 percent of the primary recipient population; this compares with 23 percent for the previous quarter.
- The three States with the largest number of primary recipients in the IE category were:

States	Number of IE Social Services Primary Recipients	Percent Adults	Percent Children	Percent of National Total of IE Social Services Primary Recipients

Table 2 -- Without Regard to Income(WRI) Category -- Highlights

- The number of primary recipients who received social services as WRI decreased slightly during the third quarter to 352,000 -- 9,400 fewer recipients (3 percent) than the second quarter. Of these recipients, 35 percent were adults, and 65 percent were children.
- Of the total number of WRI recipients receiving services this quarter, 47 percent were initiated this period.
- The number of adult recipients decreased by 35,000 (22 percent); the number of child recipients increased by 25,000 (12 percent) during the third reporting period.
- The WRI category of recipients accounts for 10 percent of the services primary recipient population; this compares with 11 percent for the second quarter.
- The three States with the largest number of primary recipients in the WRI category were:

	Number of WRI Social Services Primary Recipients	Percent Adults	Percent Children	Percent of National Total WRI Social Services Primary Recipients
1. New York	51,116	4	96	15
2. Florida	37,569	less than 1	100	11

Table 2 -- Medicaid Category - Highlights

- Approximately 147,000 Medicaid-related primary recipients received social services -- an increase of 3,500 (2 percent) over the previous quarter.
- Of these recipients, adults comprised 62 percent; children, 38 percent.
- Of the total number of Medicaid recipients served this quarter, 28 percent were initiated this period.
- The number of adult recipients decreased by 1,300 (1 percent); the number of child recipients increased by 4,800 (9 percent).
- The Medicaid category of recipients of social services represents 4 percent of the services primary recipient population, the same proportion as for the second reporting quarter.
- The three States with the largest number of primary recipients in the Medicaid category were:

States	Number of Medicaid Social Services Primary Recipients	Percent Adults	Percent Children	Percent of National Total of Medicaid Related Primary Recipients
1. Wisconsin	20,703	93	7	14
2. New Jersey	15,584	15	85	11

Child Welfare Services and WIN

In addition to State reporting of categories of eligible people who receive social services under Title XX, State reports also cover the delivery of services under Title IV-B, the Child Welfare Services (CWS) program, and under the Work Incentive (WIN) program, both of which have their own federal funding for services, as follows:

Title IV-B	\$52.5 million for FY 1976
WIN	113.9 million for FY 1976

Table 2 -- Child Welfare Services (CWS) Category -- Highlights

- Approximately 74,000 CWS recipients (100 percent children) received social services under Title IV-B. This figure represents 6,000 fewer children (7 percent) compared to the second quarter.
- CWS (Title IV-B) recipients of social services represent 2 percent of the total service population reported; this is the same percentage as the second quarter.
- Of the total number of CWS recipients, 20 percent were initiated this quarter.
- The three States with the largest number of CWS recipients reported for Federal matching were:

States	Number of CWS (FFP) Recipients	Percent of National Total of CWS Recipients
1. Michigan	9,264	13
2. Florida	7,184	10
3. New York	5,852	8

Table 2 -- AFDC-WIN Category -- Highlights

- Approximately 231,000 AFDC-WIN recipients (100 percent adults) received social services -- an increase of 49,000 recipients (27 percent) over the second quarter.
- Of the total served this quarter, 42 percent were initiated this period.
- The AFDC-WIN category of recipients of social services represents 7 percent of the service population; this compares with 6 percent for the second quarter.
- The three States with the largest number of AFDC-WIN recipients receiving services were:

State	Number of AFDC-WIN Social Services Recipients	Percent of National Total of AFDC-WIN Social Services Recipients
1. California	51,737	22
2. New York	33,988	15
3. Maine	15,498	7

Table 3 -- Supplemental Security Income (SSI) Category -- National Summary

Highlights

- Approximately 535,000 SSI primary recipients received social services -- an increase of 36,000 persons (7 percent) over the secondquarter.
- Of these recipients, 96 percent were adults; 4 percent were children.
- Of the total number of SSI recipients receiving services this quarter, 26 percent were initiated this period.
- The SSI category of recipients of social services represents 15 percent of the services primary recipient population -- the same as for the previous quarter.
- The number of adult recipients increased by 39,000 (8 percent); the number of child recipients decreased by 3,000 (11 percent).
- The three States with the largest number of primary recipients in the SSI category were:

States	Number of SSI Social Services Primary Recipients	Percent Adults	Percent Children	Percent of National Total of SSI Primary Recipients
1. California	118,774	97	3	22
2. Texas	48,032	97	3	9
3. New York	31,139	97	3	6

- The number of and other data concerning SSI primary recipients in the categories of aged, blind, or disabled follow:

Category	Number of Social Services Primary Recipients	Percent Adults	Percent Children	Percent of National Total of SSI Primary Recipients
SSI Aged	265,602	100	0	50
SSI Blind	18,517	92	8	3
SSI Disabled	251,178	91	9	47

Note: See Section III, Annotation # 1.

TABLE 4 - NATIONAL SUMMARY OF SERVICES PROVIDED TO PRIMARY RECIPIENTS

This table presents the number of primary recipients of social services and the cost of providing those services on a State-by-State and a national basis.

A primary recipient receiving more than one type of service (e.g., family planning and transportation services) was recorded one time for each service. This procedure was also followed for Tables 5 and 6.

Table 4 is based on State submissions of SSRR Form 2 - Social Services Provided to Primary Recipients.

Table 4 -- Recipient Highlights

- The thirteen services provided to the largest number of primary recipients were:

<u>Services</u>	<u>Number of Primary Recipients</u>
1. Health-Related Services	726,932
2. Counselling Services	544,332
3. Day Care Services - Children	419,490
4. Protective Services - Children	352,149
5. Case Management Services	291,802
6. Family Planning Services	258,201
7. Education & Training Services	220,663
8. Transportation Services	208,654
9. Foster Care Services - Children	208,073
10. Chore Services	194,679
11. Home Management Services	155,122
12. Homemaker Services	152,781
13. Employment Services	148,939

- The thirteen services provided by the most States were:

<u>Services</u>	<u>Number of States</u>
1. Day Care Services - Children	51
2. Family Planning Services	51
3. Homemaker Services	49
4. Protective Services - Children	48
5. Protective Services - Adults	45
6. Transportation Services	45
7. Education & Training Services	44
8. Health-Related Services	44
9. Counselling Services	43
10. Adoption Services	42
11. Foster Care Services - Children	41
12. Home Management Services	41
13. Employment Services	40

- The thirteen services for which the most funds were expended were:

<u>Services</u>	<u>Total Cost</u>
1. Day Care Services - Children	\$148,872,642
2. Foster Care Services - Children	\$ 60,945,266
3. Protective Services - Children	\$ 50,881,800
4. Education & Training Services	\$ 47,066,898
5. Counselling Services	\$ 45,920,715
6. Chore Services	\$ 45,213,758
7. Homemaker Services	\$ 37,087,217
8. Health-Related Services	\$ 34,988,521
9. Employment Services	\$ 26,329,365
10. Residential Care & Treatment Services	\$ 22,287,884
11. Home Management Services	\$ 20,708,714
12. Protective Services - Adults	\$ 14,816,731
13. Family Planning Services	\$ 13,451,290

- Total expenditures during the quarter for social services provided under Titles IV-B (CWS), IV-A/WIN, and Title XX were approximately \$672,000,000.
- Approximately \$621,000,000 of those expenditures were for services provided under Title XX.
- The three States that expended the largest amount of the money for social services were:

States	Amount Expended for Services	Percent of National Total
1. California	\$101,927,785	15
2. New York	\$ 68,558,795	10
3. Texas	\$ 53,907,592	8

Table A summarizes State expenditures data from Table 4.

TABLE 5 - NATIONAL SUMMARY OF SERVICES PROVIDED TO PRIMARY RECIPIENTS,
BY CATEGORY

This table is a summary of the social services received by each category of recipients for the 50 reporting States and the District of Columbia. For each category of recipients, the report breaks out the number of adults and the number of children.

Table 5 is based on State submissions of SSRR Form 2 - Social Services Provided to Primary Recipients. The following tables (B and C) and bar graph summarize data from Table 5.

Table 5 -- Highlights

Foster Care Services

- Approximately 232,000 primary recipients received foster care ^{1/--} 7,000 more recipients (3 percent) than during the second reporting quarter.
- Foster care services for adults were provided to 24,000 primary recipients at a cost of \$2,983,000.
- Foster care services for children (Foster Care - Children) were provided to about 208,000 primary recipients during the quarter costing an estimated \$60,945,000.
- Percent of recipients receiving foster care services, by category of recipient, was:

<u>Category</u>	<u>Percent</u>
AFDC	40
IE	17
Medicaid	14
CWS	14
SSI	8
WRI	7
AFDC-WIN	less than 1

^{1/--} "Foster Care - Adults" and "Foster Care - Children" are combined.

NOTE: Foster care services are frequently listed by States under two headings: foster care services for adults and foster care services for children. A variety of activities are included under each of these headings, and the primary recipient of either service can be a child or an adult. In general, however, foster care services for adults is interpreted to mean the kinds of services which pertain to dealing with adult foster care problems, and foster care services for children means the kinds of services that deal with the foster care problems of children.

Adoption Services

- Approximately 34,000 primary recipients received adoption services at a cost of \$4,705,000 -- a decrease in the recipient count of 1,800 persons (5 percent) compared to the second reporting quarter.
- Of the recipients of adoption services, 15 percent were adults, and 85 percent were children. The comparable proportions for the previous quarter were 16 percent and 84 percent, respectively.
- Percent distribution of adoption service recipients, by category, was:

<u>Category</u>	<u>Percent</u>
IE	38
CWS	27
AFDC	16
Medicaid	8
WRI	8
SSI	2
AFDC-WIN	less than 1

Protective Services

- Approximately 486,000 primary recipients received protective services ^{1/} -- 22,000 fewer persons (4 percent) than during the second quarter.
- Protective services for adults were provided to 133,000 primary recipients at a cost of \$14,817,000.
- Protective services for children (Protective Services - Children) were provided to 352,000 primary recipients costing approximately \$50,882,000.
- Percent distribution of protective services, by category, was:

<u>Category</u>	<u>Percent</u>
WRI	55
AFDC	24
SSI	8
IE	7
Medicaid	4
CWS	2
AFDC-WIN	less than 1

NOTE: Protective services are often listed by States under two headings: (1) protective services for adults and (2) protective services for children. A variety of activities are included under each of these subcategories, and the primary recipient of either service can be a child or an adult. In general, however, protective services for adults is interpreted to mean the kinds of services which help provide protection of adults, and protective services for children means the kinds of services that help provide protection of children.

^{1/} "Protective Services - Adults" and "Protective Services - Children" are combined.

Family Planning Services

- Approximately 258,000 primary recipients received family planning services at a cost of \$13,451,000 during the third reporting quarter -- an increase of 12,000 recipients (5 percent) over the second quarter. Of the recipients of this service, 87 percent were adults and 13 percent were children, as compared to 82 percent and 18 percent for the previous quarter.
- Percent of family planning service recipients, by category, was:

<u>Category</u>	<u>Percent</u>
IE	64
AFDC	25
AFDC-WIN	8
SSI	1
Medicaid	1
WRI	1
CWS	less than 1

Special Services to the Blind

- During the third reporting quarter, approximately 400 primary recipients received special services to the blind. Of these recipients, about 90 percent were adults, and 10 percent were children.
- Percent distribution of special services to blind recipients, by category, was:

<u>Category</u>	<u>Percent</u>
SSI	45
IE	38
AFDC	8
Medicaid	7
WRI	1
AFDC-WIN	1
CWS	less than 1

TABLE 6 - NATIONAL SUMMARY OF STATE SERVICES TO PRIMARY RECIPIENTS

Nine States submitted optional reports of services delivered without Federal matching dollars. These States were: Alaska, Iowa, Kansas, Minnesota, Missouri, New Mexico, North Dakota, Tennessee, and Utah. Table 6 is a summary of the data submitted by these States. Other States may have provided services but did not report them this quarter. The optional report was added at the request of various States that provided services well beyond their Federal dollar entitlement.

Table 6 is based on State submission of SSRR Form 2E -- Social Services Provided to Primary Recipients - Optional.

TABLE 7 - NATIONAL SUMMARY OF SOCIAL SERVICES BY METHOD OF SERVICE PROVISION

Table 7 provides cost and recipient data by method of provision of social service. Some services are provided directly by the State and local public social service agencies; others are purchased by contractual agreement from other types of public agencies or from profit or nonprofit vendors.

The recipient counts are of all recipients of social services -- not just primary recipients.

The percentage distribution of costs by method of provision is also given.

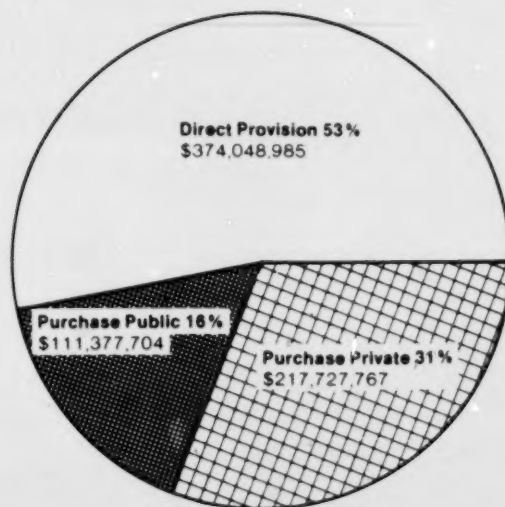

Table 7 is based on State submissions of SSRR Form 3 - Method of Service Provision to Social Service Recipients. For further explanation, see Section II, General Comments and Technical Notes.

Reporting of instances of Information and Referral was specifically requested on Form 3 but not on other forms. Therefore, counts are greater here than elsewhere.

Table 7 - Highlights

- Slightly more than half of the dollars spent on social services were for services provided directly to recipients by State or local public social services agencies.
- Forty-seven percent of the dollars were used to purchase services from public and private vendors.
- Purchases from private vendors were nearly twice that of purchases from public agencies.

• Percentage of Total Cost by Method of Provision:

- Expenditures reported for services provided by the three methods total \$703,154,456. This sum exceeds the estimated total cost, \$671,659,878, as given in Table 4, National Totals, by 5 percent. An explanation of this difference may be found in Section II.

NOTE: *Less than 0.5%. See Section III, Annotation # 1, 2, 3 and 4

- Direct provision of service by public social service agencies accounted for over 80 percent of the costs of the following services: Adoption Services; Employment-Related Medical Services; Health-Related Services; Housing Improvement; Information and Referral; Protective Services (all three classes); Unmarried Parent Services; Special Services - Children and Youth; Vocational Rehabilitation Services; WIN Medical Exam Services.
- Purchase of service from other public agencies accounted for more than half of the total expenditures for the following services: Socialization Services; Special Services - Alcohol and Drug; Special Services - Blind; Special Services - Disabled.
- Purchase of services from private vendors accounted for over half of the money spent on the following services: Day Care (all three types); Home-Delivered/Congregate Meals; "Other" services.
- As shown in Table D, there were variations in the pattern of provision of services by method among the States. For example, while in California and North Dakota, more than 90 percent of dollars was spent on "Direct Provision" services, 81 percent in Connecticut was spent on "Purchase Public" services, and 92 percent in Maine on "Purchase Private" services.
- The ten social services provided directly by social service agencies to the largest number of recipients were:

<u>Services</u>	<u>Number of Recipients</u>
1. Information & Referral Services	2,129,035
2. Counselling Services	587,054
3. Health-Related Services	575,851
4. Protective Services - Children	273,707
5. Day Care Services - Children	232,209
6. Education & Training Services	183,213
7. Home Management Services	182,023
8. Case Management Services	165,855
9. Chore Services	151,042
10. Foster Care Services - Children	150,266

- The ten social services provided directly by social services agencies with the largest expenditures were:

<u>Services</u>	<u>Expenditures</u>
1. Day Care Services - Children	\$45,713,963
2. Protective Services - Children	\$38,273,405
3. Health-Related Services	\$31,361,515
4. Counselling Services	\$29,743,140
5. Chore Services	\$24,261,917
6. Homemaker Services	\$23,294,697
7. Foster Care Services - Children	\$20,403,012
8. Education & Training Services	\$19,976,360
9. Information & Referral Services	\$15,689,404
10. Employment Services	\$14,582,807

- Of the social services purchased from public agencies, the following were the ten provided to the largest number of recipients:

<u>Services</u>	<u>Number of Recipients</u>
1. Information & Referral	185,514
2. Counselling Services	108,118
3. Family Planning Services	72,557
4. Education & Training Services	63,970
5. Day Care Services - Children	51,291
6. Legal Services	45,544
7. Health-Related Services	44,277
8. Transportation Services	39,780
9. Protective Services - Children	37,709
10. Case Management Services	32,648

- The ten Purchase Public social services with the largest expenditures were:

<u>Services</u>	<u>Expenditures</u>
1. Education & Training Services	\$16,194,597
2. Day Care Services - Children	\$16,115,511
3. Counselling Services	\$14,900,760
4. Foster Care Services - Children	\$11,766,570
5. Employment Services	\$5,530,043
6. Residential Care & Treatment Services	\$4,564,541
7. Health-Related Services	\$4,304,524
8. Family Planning Services	\$3,904,477
9. Socialization Services	\$3,688,340
10. Protective Services - Children	\$3,582,077

- Of the social services purchased from the private sector, the following were the ten provided to the largest number of recipients:

<u>Services</u>	<u>Number of Recipients</u>
1. Day Care Services - Children	304,279
2. Family Planning Services	89,059
3. Information & Referral Services	80,398
4. Chore Services	73,537
5. Day Care Services - Various	49,529
6. Transportation Services	48,951
7. Counselling Services	45,354
8. Homemaker Services	45,213
9. Education & Training Services	42,090
10. Health-Related Services	31,139

- The ten Purchase Private social services with largest expenditures were:

<u>Services</u>	<u>Expenditures</u>
1. Day Care Services - Children	\$83,171,917
2. Chore Services	\$19,215,481
3. Foster Care Services - Children	\$14,244,172
4. Employment Services	\$ 9,491,486
5. Foster Care Services - Various	\$ 9,164,076
6. Day Care Services - Various	\$ 8,963,469
7. Homemaker Services	\$ 8,539,323
8. Education & Training Services	\$ 8,522,080
9. Residential Care & Treatment Svcs.	\$ 7,215,369
10. Home Management Services	\$ 7,162,079

The number of social service recipients given in the following table (E) was derived by summing counts of recipients by method of provision in Table 7. Although this recipient count is not unduplicated (since an individual may receive services by more than one method of provision) it does serve as an indicator of the total number of social service recipients for each type of service. In Tables 1-5, the count is of primary recipients only.

Table 7

Social Service Recipients, Costs and Percent of Total Costs,
by Method of Service Provision by Service,
Quarter Ending June, 1976

TABLE 8 - NUMBER OF STATES DELIVERING SERVICES, BY METHOD OF SERVICES
PROVISION

Table 8 provides the number of States providing each type of service by each method of services provision: Direct Provision; Purchase Public; Purchase Private.

Table 8 is based on State submissions of SSRR Form 3 - Method of Service Provision to Social Services Recipients.

Reporting of instances of Information and Referral was specifically requested on Form 3 but not on other forms. Therefore, counts are greater here than elsewhere.

TABLE 9 - NATIONAL SUMMARY OF TYPE OF DAY CARE BY STATE

This table shows the type of day care received by children, the various types of day care delivered by each State, and the costs.

Table 9 is based on State submissions of SSRR Form 5 - Day Care Services Provided to Children.

The counts of children reflect all child recipients of day care under Titles IV and XX rather than only primary recipients.

Table 9 - Highlights

- Approximately 565,000 children received day care services under Titles XX and IV during the April-June quarter (660 fewer children than during the previous quarter).
- The types of day care services and the percentages of children who received them were:

<u>Type of Day Care</u>	<u>Percent of Children Served</u>
Day Care Center Services	55
Family Day Care Home Services	23
In-Home Day Care Services	19
Group Day Care Home Services	2

- Of the total number of children receiving day care services, 72 percent received full-time day care services (a decrease of 4 percentage points over the second quarter), and 28 percent received part-time day care services (an increase of 4 percentage points).
- The total number of children receiving day care, by type of day care, full time and part time, follows:

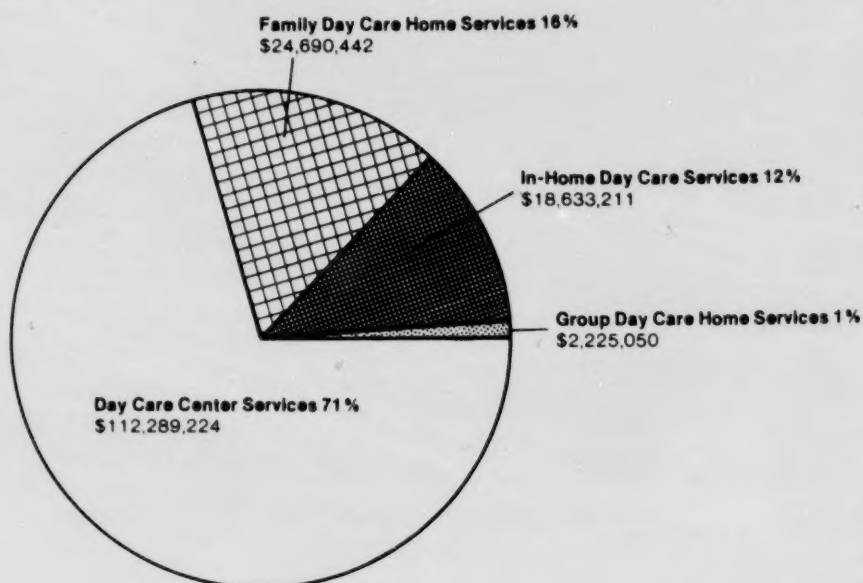

Type of Day Care	Number of Children			Percent	
	Total	Full time	Part time	Full time	Part time
Group Day Care Home Services	12,992	10,464	2,528	81	19
Day Care Center Services	313,529	242,390	71,139	77	23
In-Home Day Care Services	109,167	65,383	43,784	60	40
Family Day Care Home Services	129,637	86,882	42,755	33	67
- TOTAL	565,325	405,119	160,206	72	28

- Full time center care was the type of care received by the greatest number of children.
- Approximately \$158 million were spent during the third quarter on day care services; this represents 23 percent of the expenditures for social services for this period.

- The total cost of day care by type of day care, full time and part time, follows:

Type of Day Care	Cost of Day Care			Percent of Cost	
	Total	Full time	Part time	Full time	Part time
Group Day Care Home Services	\$ 2,225,050	\$ 1,852,764	\$ 372,286	83	17
Day Care Center Services	\$112,289,224	\$ 96,170,278	\$16,118,946	86	14
In-Home Day Care Services	\$ 18,633,211	\$ 12,879,854	\$ 5,753,357	69	31
Family Day Care Home Services	\$ 24,690,442	\$ 20,054,906	\$ 4,635,536	81	19
TOTALS	\$157,837,927	\$130,957,802	\$26,880,125	83	17

- Distribution of day care expenditures by type of day care:

TABLE 10 - NATIONAL SUMMARY OF DAY CARE

This table indicates the number of children who received day care, by type and duration of day care (full time or part time) for each category of recipient.

Table 10 is based on State submissions of SSRR Form 5 - Day Care Services Provided to Children.^{1/}

Table 10 -- Highlights

- Of children receiving day care services, AFDC remained by far the largest category during the third quarter. The percents for the categories were:

<u>Category</u>	<u>Percent of Children Served</u>
AFDC Training & Job-Related	31
AFDC - Other	17
IE	30
AFDC-WIN	19
Medicaid	1
CWS	1
SSI Blind & Disabled	1

1/Data by category of recipient was not available for Michigan.

• Percentage of Day Care Cost, by Category:

APPENDIX A

GLOSSARY OF TERMS

These definitions apply to social services and to individuals who receive social services under the authority of Titles IV and XX of the Social Security Act.

ADULT

An individual who is age 18 or over, or emancipated as determined by State law, except that unemancipated individuals between 18 and 22 if attending school are considered children.

AFDC RECIPIENT

A recipient of AFDC financial assistance who is not a registrant of the WIN program, or an individual whose needs were taken into account in determining the need for aid under Title IV-A.

AFDC TRAINING AND JOB RELATED

Recipients who are included in the AFDC financial assistance grant, who are not registrants of the Work Incentive (WIN) program, but who are receiving one or more services which are training and job related.

AFDC-WIN RECIPIENT

An AFDC recipient who has registered in the WIN program.

AFDC-WIN 90/10 SERVICES

Services received by AFDC-WIN recipients at a Federal financial participation (FFP) rate of 90% (with 10% from State and local funds).

AGED

An individual who is 65 years of age or older.

BLIND

An individual who has central visual acuity of 20/200 or less in the better eye with the use of a correcting lens.

CATEGORY OF INDIVIDUAL

Groupings of persons on the basis of common characteristics such as recipient status (e.g., AFDC, SSI, Medicaid), income level, age, and physical or mental condition.

CHILD

An individual who is unmarried, is not the head of a household, is under age 18, or under age 22 if attending school.

CHILD WELFARE SERVICES RECIPIENT (CWS) (TITLE IV-B)

A recipient of public social services which supplement or substitute for parental care and supervision for the purposes of (1) preventing or remedying or assisting in the solution of problems which may result in the neglect, abuse exploitation, or delinquency of children, (2) protecting and caring for homeless, dependent, or neglected children, (3) protecting and promoting the welfare of children of working mothers, and (4) otherwise protecting and promoting the welfare of children, including the strengthening of their own homes where possible or, where needed, the provision of adequate care away from their homes in foster family homes or day care or other child care facilities.

COMPREHENSIVE ANNUAL SERVICES PROGRAM PLAN (CASP)

The State's annual services plan as required under Section 2004 of the Social Security Act.

DAY CARE

Day Care Center

A licensed facility in which care is provided part of the day for a group of 12 or more children.

Day Care, Full Time and Part Time

Full Time - Care provided for 32 hours or more per week in periods of less than 24 hours per day.

Part Time - Care provided for less than 32 hours per week in periods of less than 24 hours per day.

Day Care Home, Family

A licensed or approved private family home in which children receive care, protection, and guidance during a part of the 24-hour day. A family day care home may serve no more than a total of six children (ages 3 through 14) -- no more than five when the age range is infancy through 6 -- including the family day care mother's own children.

Day Care Home, Group

An extended, licensed and approved or modified family residence in which family-like care is provided, usually to school age children. It provides care for up to 12 children.

Day Care, In-Home

Care provided for a portion of the day in the child's home by qualified persons other than the child's own parents or the person who normally takes care of the child.

Day Care Services for Adults

Services provided for a part of the day in a protective setting approved by the State agency for purposes of personal attention and to promote social health and emotional well-being through opportunities for companionship, self-education and satisfying leisure time activities.

Day Care Services for Children

Comprehensive and coordinated sets of activities carried out for the purpose of providing direct care and protection of infants and preschool and school age children during a portion of a 24-hour day, inside or outside of the child's own home.

DIRECT PROVISION

Provision of services directly by staff of the appropriate State agency as designated in the State Administrative Plan and the local public agencies as authorized by law to administer the social service programs in local jurisdiction.

DISABLED

An individual who is unable to engage in any substantial, gainful activity by reason of any medically determined physical or mental impairment which can be expected to result in death or which has lasted, or can be expected to last, for a continuous period of not less than 12 months. In the case of a child under the age of 18, or under the age of 22 if in school, a youth who suffers from any medically determinable physical or mental impairment of comparable severity.

FAMILY DAY CARE HOME - See Day Care Home, Family

FEES

Moneys collected from, or billed to, a social service recipient, in full or partial compensation for the services received. The charging of fees can be based on income and family size, or a graduated scale as specified by Federal regulations.

FULL-TIME DAY CARE - See Day Care, Full Time

GOAL

A level of personal functioning, established and agreed upon with an individual or surrogate, and toward which services are directed. For purposes of the SSRR, an individual with whom a goal has been established is considered a Primary Recipient. Goals are:

- Self-Support.
- Self-Sufficiency.
- Protection of Children and Adults.
- Community/Home-Based Care.
- Institutional Care.

GROUP DAY CARE HOME - See Day Care Home, Group

INCOME ELIGIBLE

Any individual who receives social services on the basis of income only and who is not an AFDC or SSI recipient, or whose income and resources are taken into account in determining the amount of assistance, and who is not eligible for Medicaid.

IN-HOME DAY CARE - See Day Care, In-home

MEDICAID RECIPIENT

An individual receiving social services on the basis of income and eligibility for medical assistance in accordance with the approved State Plan under Title XIX and who is not an AFDC or SSI recipient, or an individual whose income and resources are taken into account in determining the amount of assistance.

METHOD OF SERVICE PROVISION

The delivery or the provision of social services by any of the following methods: Direct Provision, Purchase Public, and Purchase Private.

PART-TIME DAY CARE - See Day Care, Part Time

PRIMARY RECIPIENT

An individual with whom, or for whom, a specific goal is established and to whom services are provided for the purpose of achieving the goal. Services are considered to be provided to the primary recipient when they are provided to other members of the primary recipient's family to facilitate achievement of the primary recipient's goal.

PRIVATE AGENCY

Private, for-profit, and private voluntary not-for-profit agencies, individuals, or organizations who deliver social services under a purchase of service contract.

PUBLIC AGENCY

An agency of State or local government authorized to act for the public and who delivers social services under a purchase of service contract.

PUBLIC SOCIAL SERVICE AGENCY (TITLE XX)

The State agency as designated in the State Administrative Plan and the local public agencies as authorized by law to administer the social services programs in local jurisdictions.

PURCHASE PRIVATE

Purchase of social services defined in the Comprehensive Annual Services Program Plan by contractual agreement from individuals or private profit and not-for-profit agencies.

PURCHASE PUBLIC

Purchase of social services defined in the Comprehensive Annual Services Program Plan by contractual agreement from public agencies other than the public social services agency.

REPORTING PERIOD

The time frame for which a social service report is requested.

REPORTING QUARTER

A span of time that covers 3 months. The first quarter of the program year begins October 1 and ends December 31.

REPORTING YEAR

The Federal reporting year is also the Federal fiscal year which begins October 1 and ends September 30 of the following year.

SERVICE PROVISION STATUS

The status of the recipient within the services provision structure -- Continued From Last Period, Initiated This Period, Discontinued This Period, and Continuing to Next Period.

SOCIAL SERVICE RECIPIENT

An individual who is provided one or more social services under Title IV or XX of the Social Security Act.

SOCIAL SERVICES

For the purposes of the Social Services Reporting Requirements, one or more of the services included in a State's Comprehensive Annual Services Program Plan under Title XX and a State plan under Title IV-A and IV-B.

SUPPLEMENTAL SECURITY INCOME (SSI) RECIPIENT

Any aged, blind, or disabled individual who meets the requirements for aid under Title XVI of the Social Security Act and who receives monthly cash payments from the Social Security Administration (also includes persons who receive State supplemental payments).

TOTAL COST

Expenditures, comprised of Federal, State, and local costs, including donated funds related to providing social services, by all methods of service delivery, and including the proportionate share of indirect costs and overhead. Fees should not be used to offset total cost.

NOTE: It is not necessary that the expenditures reported for the period relate directly to the recipients reported. Billing cycles, information lag time and other factors inhibit a one-for-one relationship between expenditures and recipients in a particular Reporting Period.

WITHOUT REGARD TO INCOME

A designation of individuals who may receive certain services under a State's CASP without regard to their income. The "universal" services which such individuals may receive are: family planning, information and referral, and any service directed at the goal of preventing or remedying neglect, abuse, or exploitation of children or adults unable to protect their own interests.

* * *

APPENDIX B

PROGRAM SUMMARIES

SOCIAL SERVICES (TITLE XX)

The social services program, authorized under Title XX of the Social Security Act, effective October 1, 1975, is administered by the Administration for Public Services, Office of Human Development Services, U.S. Department of Health, Education, and Welfare.

Persons eligible for social services are current recipients of AFDC or SSI and, at State option, other persons who meet State and Federal income limitations. States may set any income limit that does not exceed 115 percent of the State median income for a family of four (adjusted for family size).

States must impose reasonable, income-related fees for services furnished to persons with income over the 80 percent level. States may impose such fees for recipients and persons with income below the 80 percent level.

Within each State's share of an annual \$2.5 billion allotment, the Federal Government contributes 75 percent of a State's social services expenditures, except for family planning services for which the Federal share is 90 percent. The \$2.5 billion is allotted among the 50 States and the District of Columbia on the basis of population. While all States and the District have Title XX programs, predecessor programs are in effect in Guam, Puerto Rico, and the Virgin Islands.

Each State Title XX plan offers at least one service directed to each of five goals:

- Economic self-support.
- Personal self-sufficiency.
- Protection of children and handicapped adults from abuse, neglect, and exploitation.
- Prevention and reduction of inappropriate institutionalization by providing community care services.
- Arrangement for appropriate institutionalization and services when in the best interest of the individual.

At least three services must be included for SSI recipients. Day Care services, foster care services, homemaker services, health-related services, and services to the mentally retarded and to drug and alcohol abusers are among those offered by most States.

Each State is accountable primarily to its own people for program decisions regarding eligibility, services, and distribution of resources.

CHILD WELFARE SERVICES (TITLE IV-B)

Authorized in 1935 under the Social Security Act, Title IV-B -- Child Welfare Services -- is administered by the Administration for Public Services, Office of Human Development Services.

Child Welfare Services are public social services which supplement or substitute for parental care and supervision in order to:

- (a) Prevent, remedy, or assist in the solution of problems which may result from child neglect, abuse or exploitation.
- (b) Protect or care for homeless, dependent, or neglected children.
- (c) Protect and promote the welfare of children of working mothers.
- (d) Otherwise protect and promote the welfare of children, including strengthening of their own homes where possible, or, where needed, provide adequate care of children away from their homes in foster family homes or day care or other child care facilities.

Any child is eligible for such services regardless of the social or economic status of the child or family. This federally aided program operates in all 50 States, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands.

Among the services States can provide under Child Welfare Services are: protective services; health-related services; family counselling; homemaker services; child day care services; and emergency shelter services.

WORK INCENTIVE PROGRAM (TITLE IV-A/IV-C)

The Work Incentive program (WIN) was authorized by the Social Security Amendments of 1967 and 1971. It is designed to help persons receiving Aid to Families with Dependent Children (AFDC) become self-supporting. WIN is jointly administered by the Department of Labor and the Department of Health, Education, and Welfare.

The 1971 Amendment shifted the program emphasis from training to immediate employment. All AFDC applicants and recipients are required, unless exempt by law, to register with WIN for employment and training services as a condition of eligibility. Individuals who are legally exempt, have the right to volunteer for WIN if they wish. The WIN sponsor is usually the State employment agency.

WIN utilizes existing employment-related training programs and WIN-funded activities -- both directed toward ultimate placements in unsubsidized jobs. In preparation for this, WIN offers such employment and training services as on-the-job training (OJT) for the job ready or public service employment (PSE) arranged by prior agreement with public or private nonprofit organizations for individuals for whom unsubsidized jobs are not available. Employment and training services are supplemented by necessary supportive services, including day care for children, which are provided by or through a separate administrative unit (SAU) of the welfare agency.

The WIN program provides a WIN registrant who is enrolled in a work experience component or in institutional training, an incentive of \$30 a month in addition to the AFDC grant. There is a further incentive provision for most WIN registrants who accept placement in unsubsidized jobs. Their first \$30 of earnings each month and 1/3 of the remainder is disregarded in determining their new welfare grants.

An incentive is also provided to employers under the Revenue Act of 1971 in the form of a tax credit for hiring WIN registrants. As an alternative a welfare tax credit is also available to employers of AFDC welfare recipients including WIN registrants under related legislation.
